Mike,

I have talked with Len and he has written up a term sheet.
We will see how it goes: I worry that it will be more
trouble than it is worth and your suggestion would have
worked must faster ;-)

Since the idea of my going with the spinning off with WAISserver was
brought up,
I am assuming I am on my way out. Should I attend your staff meetings? As
it turns out,
I can not make the new January date, so Feb will be the first time this
will be an
issue.

Job Responsibilities:

- * Write reports on Internet subjects
- * help those in charge, as needed, with WAIS integration
- * Direct reports: Deanna Weber

December accomplishments:

- * Wrote up Internet navigation suggestions, gave them to Mike
- * Moving wais.com onto personal server and disk: blocked by Medior
- * Started negotiations on getting WAISserver support out of AOL

January goals:

- * Resolve WAISserver issues: separate company, my involvement, etc.
- * Meet with Mike Connors on my January trip.
